**CERTIFIED MAIL – RETURN  
RECEIPT REQUESTED**

Dear Mr. Dalton:

This letter modifies your Annual Operating Instructions (AOI) for the Twin Springs C&H Allotment for the 2012 grazing season. The Drill Hole Prescribed fire project was able to be completed this year. Many areas in the JN Pasture burned very well and will need to be reseeded. The pasture will need to be rested this year and possible for the next two years, depending on seeding. The remainder of the original AOI is unchanged and enforce.
